GOLD IN ALASKA.

Latest Reports of Finds Seem Very Entic-

ing, but New York Still Suits One Editor.

The very latest reports of new gold

finds come to us from the Yukon region,

Alaska, and the treasury at Washington

has received advices that an amount of

the precious metal valued at \$100,000

has been located in Alaska for ship-

ment. Three months ago we had en-

couraging reports from the gold placer

miners on the Yukon, and both the Ju-

nean Journal and the Sitka Herald told

of men in the who had got piles that

were worth getting. An Alaskan item

told us last week that the Yukon com-

pany had been working for the obstacles

to travel and transportation.

If the amount of gold in Alaska bears

any appreciable proportion to the

amount of ore, there will be no trouble

about getting people to go there. It is

alleged that the white population of the

Yukon at this time numbers nearly

10,000. We are not sure that Alaska

has been undervalued. It has extensive

fisheries, game and timber, it has

larger rivers, and land than any other

part of the United States. The publication of Major

Powell's report this year, it has vast and

valuable forests, and it has mineral

resources. Though a great part of its ter-

ritory is uninhabitable, it is worth the

price we paid for it. It was an Alaskan

editor who once said that when Alaska

becomes a state of the American Union

it will be the "shining star of the Ac-

tic ocean."

We must at this time, however, ad-

vise people to leave New York to a title

there—New York Sun.

On a Water Cycle.

The attempt to cross the English

channel on a water cycle has apparently

been abandoned for the season by the

Frenchman who tried it and failed early

in August, says a London paper. It is

not unlikely, however, that the first

will be attempted by Robert Brown,

sculptor, of Newport, Wales, who on

Wednesday crossed the Bristol channel

from New York to Western, a distance by

steamer route of 14 miles, but Brown,

owing to the tide and other causes,

actually traveled 31 miles. The time

was 3 1/2 hours. He finished in good con-

dition. Brown's cycle consists of two

cigar shaped tubes, each 17 feet long,

lying parallel and three feet apart.

They are filled with compressed air.

In the center space is a platform and seat

for a driver. Two paddle wheels, one

on the outside of each tube, are propell-

ed by the ordinary cycle pedals and

chain gearing. The steering gear con-

sists of two rudders, which seem the

weakest part of the machine and would

probably come to grief in rough water.

"The Paradise of Tips."

"The paradise of tips," as we are

told by a writer in The Kleino Zeitung,

is Carlsbad. His estimate is that not less

than a million marks must be paid dur-

ing the season in the questionable shape

of "voluntary" gifts or gratuities to

waiters and others, which do not appear

in any bill. Everybody who does any

service in Carlsbad looks for his or

her "trinkgeld" before you depart. The

water gets upon an average from 6 to

10 florins (12 shillings to 21).

The maiden who serves you with water at

the Brunnen expects and mostly receives

3 florins, the policeman gets a florin, and

there are various other male and female

beautifactors to whom you pay, but, you

know.

tached his certificate thereto and delivered

JENKINS' INJUNCTION.

The United States Court of Appeals in session at Chicago has set heavily on the order of Judge Jenkins enjoining employees of the Union Pacific Railroad Company from striking. Justice Harlan of the Supreme Court rendered the decision. He held that a body of men has the right to quit work regardless of the inconvenience which might result, but they have, however, no right to conspire to damage or embarrass their employers. He did not agree with Judge Jenkins that a strike is necessarily illegal.

Justice Harlan and Judges Wood, Bunn, Grosscup and Jenkins occupied the bench, and the Court decided that that part of the Jenkins injunction which restrained railroad employees from quitting the service of the receiver with or without notice so as to cripple the property or prevent the operation of the road, was a violation of the rights of employees, but that part of the order which restrained employees from entering into a combination or conspiracy to quit work with the intention of crippling the property and preventing the operation of the road was sustained.

Judge Jenkins, who narrowly escaped being impeached by Congress for his unprecedented and, it seems, unwarranted restraining order, was not in the least disturbed by the opinion of the Court overruling his decision. Judge Caldwell of the Circuit Court dissolved Judge Jenkins' injunction some time ago, and held that labor and capital had a right to organize and consult as to the best methods of making each or both profitable. The justice and impartiality of this decision disarmed criticism and made the employer and employee feel that each had rights that must be respected.

POINTED PENNOYER.

Governor Pennoyer of Oregon has the faculty of saying more in a few words than most of the public men of the country. Declining a request to fill a week's engagement in Montana in the interest of the People's party he said:

If the present ruinous depression in business and values resulting directly from the demonization of silver, and not from any tariff taxation or change in such taxation, will not persuade the people of Montana to vote against both old parties, both dominated by Wall Street and equally responsible for such demonization, then no persuasion of mine would be availing, neither would they be persuaded, though one rose from the dead.

That is a terse and truthful statement. The general financial depression, the thousands out of employment, the deserted mining camp, the rusting reduction works, the low price of farm products and the universal stagnation appeal more eloquently than words to the people to rise in their might at the ensuing election and hurl from power the cohorts of the gold trust. What cares the bondholders and money lenders of Europe and the East for the sufferings of the masses so long as they are profiting by the depression? A dollar will buy twice as much of almost every commodity as it would a half dozen years ago, but it will not pay any more debts now than it did then.

WHAT'S IN A NAME?

The People's party of White Pine county, in convention assembled, endorsed the Silver party ticket from top to bottom. They look to principles, not to name. They see that the Silver party platform embraces every principle of importance advocated by the People's party and they do not believe in dividing the independent forces in Nevada on a mere technicality. Their fight is against the Wall Street combination, not against men who are battling for the same cause as themselves.

Does anybody question the honesty of purpose of the White Pine county Populists? They do not believe in dividing men on party names whose principles are identical. They do not propose to be made the tools of Republicans and pull their chestnuts out of the fire. They are honest in favor of monetary reform and they do not hesitate to endorse the principles of and pledge their support to the nominees of a party that is in line with them. Their course is not approved by Republicans, which clearly indicates that they are right. There is no difference, except in name, between four-fifths of the People's party of Nevada and the Silver party, and every intelligent man in the State knows it, though Republicans just now endeavor to make it appear otherwise.

The last Legislature passed an act to provide for an expression by the people of the State on the subject of electing United States Senators by popular vote. In accordance with the provisions of that act Governor Colcord has issued a proclamation calling on the electors to vote yes or no on the proposition.

ANDREW BEE, who recognized Jeff. Davis when he was escaping from his tent, died the other night at Marten, Allegany county, Michigan. He was a member of the Fourth Michigan Cavalry.

The Pueblo Indians are on the point of establishing an independent Territory. On their vast reservations they boast of 800,000 sheep, 250,000 horses and 300,000 goats. Their wool averages 800,000 pounds annually.

Coffee is taxed \$310 a ton in France, \$280 in Italy, \$200 in Austria, \$135 in Portugal, \$120 in Norway, \$100 in Germany and Spain, \$75 in Russia, \$70 in Great Britain.

PARTY NAME.

No Proprietary Right in the Name of a Ticket.

SAN FRANCISCO, October 2.—Superior Judge Seawell rendered a decision this morning in the action brought against P. A. Dolan and other organizers of an alleged Populist party, which put a municipal ticket in the field, to enjoin them from using the name "Populist Party," and to enjoin the Registrar from issuing a certificate to Dolan. The action was brought by J. Webster, People's party nominee for Governor, Adolph Sutro, the party's nominee for Mayor, and others, who alleged that Dolan's organization is nothing more than a "piece club."

The court decided in favor of Dolan, declaring that no man or body of men have the exclusive right to the use of a party name, and that any other set of men could adopt the same name and use it under the law, and courts of equity have no right to interfere. The court said there was no such thing as proprietary right to the name of a political party.

Made an Heiress.

SAN FRANCISCO, October 2.—The death of Frederick Ryan, capitalist, in the railroad accident near Yonkers, N. Y. a few days ago has made Mabel Ryan Edwards heiress to a large fortune. Two years ago Mabel lived with her father now dead, but formerly a capitalist at Pittsburgh, Pa. She became stage struck and eloped with Clarence Edwards, a mere boy. Mabel was then only sixteen. The pair went to Chicago, Mabel performing in the "illusion and living picture" at the World's Fair. Then they came to California and Mabel worked at the Midwinter Fair as a gum girl and as a social lady who floated through space in an illusion. Edwards managed his wife's finance. She subsequently performed in several dance halls in this city and a few weeks ago left with her husband for Portland, Oregon.

A Destructive Cyclone.

LITTLE ROCK, October 2.—A terrible cyclone struck this city to-night devastating the business portion. Several are known to be killed and many injured. The property loss is a half million dollars. The State penitentiary was struck with fearful force destroying the shops, stables, unroofing the cell buildings, injuring many convicts and killing one. Streets are filled with tin roofs, electric wires and other wreckage. The city is in dense darkness. People are searching for their relatives among the ruins. The Insane Asylum is blown down and many patients injured. A number of lunatics escaped, and several were afterwards captured.

A Prize Fight.

LYONS, N. Y., October 2.—An eight-round prize fight with five ounces gloves, Marquis of Queensbury rules, was fought here between "Black Frank," a Canadian pugilist of local renown, and Michael Murphy, alias Mike Moran, of New York city. Moran had the better of the fight up to the fifth round when Frank scored a terrific knockdown on the jugular. The succeeding two rounds were hot ones, with honors in favor of the New Yorker. In the eighth round, just before time was called, Black Frank got in a swinging left-hander, knocking Moran out of time.

Corbett's Wholesale Challenge.

BOSTON, October 2.—James J. Corbett issued a statement to-night bitterly denouncing the New Orleans Athletic Club, Fitzsimmons and Peter Jackson, who, he says, are seeking notoriety at his expense. He says he wants to retire from pugilism, but says he will never show the white feather. If all the fighters in the world who have \$10,000 to wager will get together, he says he will devote one week after July 1st next to fight them, one each night that week, and then finally retire.

An Insane Man's Awful Deed.

MOSCOW, Idaho, October 2.—A horrible butchery occurred at the County Jail this evening. Joe Roberts, a United States insane criminal literally out to pieces with a knife John Witte, another United States prisoner, awaiting trial for selling liquor to Indians. Witte was arrested at O'Connell's a short time ago. Roberts killed a fellow soldier at Fort Sherman two years ago and was adjudged insane. The United States Marshal has left with Roberts for the Washington, D. C., insane asylum.

Budd Sold With the Girls.

VENTURA, October 2.—James H. Budd addressed a large audience of Democrats here to-night. Dr. Mott presided. One hundred young ladies served as Vice Presidents. W. W. Phillips also spoke.

Very Nearly a Railroad Horror.

OAKLAND, October 2.—As the local train on the narrow gauge railroad was approaching the Webster street draw bridge about 6:30 this evening the last car, which was a smoker, jumped the track. The engineer attempted to stop the train, but before he was able to do so the forward part of the train was on the draw and the smoking car was being dragged over the ties. The coupling broke just as the car reached the bridge and it rolled down the bank into the water. Nearly all the passengers jumped from the car before it went over and a dozen or more were severely bruised. Only two persons went down with the car. They were also injured, one of them, J. C. Wilson of San Francisco, having his nose broken and receiving some internal injuries. Both passengers were taken from the car. There were between sixty and seventy persons in the car when the accident occurred. It is not thought that any one was fatally injured.

A somewhat similar accident occurred at the same place four years ago, in which thirteen people lost their lives. It was Decoration Day and the train was crowded. As it swept around the curve that leads to the draw bridge that spans Oakland creek the engineer saw that the bridge was open. He could not stop the train and the engine and one car filled with passengers plunged into deep water. Thirteen were drowned, and ever since the trains slow up when approaching the curve.

LATER.—Fifteen passengers were in the car which left the track and fell into the water at the side of the road bed. A majority got out safely. P. J. Kiley, ticket seller at the local agency of the Denver & Rio Grande, was killed. Captain J. C. Watson of this city was badly hurt and several passengers were bruised and otherwise badly injured.

The Democrats Fight at the Bay City.

SAN FRANCISCO, October 2.—The Democratic Municipal Convention wound up in a fight on the stage to-night over the adoption of the committee report on the nomination of Supervisors. The committee reported in favor of the following men for Supervisors: J. M. Klein, Wm. Raubinger, C. H. Nevins, Alphonse Hirsch, J. Dinand, T. Hess, M. Kane, P. Boland, H. B. Goecker, Frank Lester and P. J. Harney. There was a minority report recommending the same men with the exception that Peter Skelley was substituted for Raubinger and E. L. Wagner for Harney. The chairman ruled that the majority report had been carried and a row began. The delegates shouted and gesticulated and several rushed upon the stage. Tables were overturned and blows were struck by excited politicians.

Finally a majority report was adopted and the convention adjourned. The other nominations were A. J. Moulder for Superintendent of Public Schools and Thos. A. McGown for the unexpired term of Superior Judge.

The Sacramento Strikers Again in Court.

WOODLAND, October 2.—The American Railway Union men charged with having wrecked the Southern Pacific train at the trestle west of Sacramento on July 6th, when five men were killed, were arraigned in the Superior Court this afternoon and all entered pleas of not guilty. Worden, who has secured a new counsel, had his case set for trial October 17th. The cases of the other defendants will be set for trial later.

A Southern Pacific Official Resigns.

SAN FRANCISCO, October 2.—R. H. Pratt, Assistant General Superintendent of the Southern Pacific Company, has resigned his resignation to take effect in December. Mr. Pratt has served continuously for thirty years and will engage in agriculture as a recreation. It is officially announced that no new man will be appointed to fill the vacancy caused by Pratt's retirement.

A State Grange Meets.

STOCKTON, October 2.—The annual session of the California State Grange opened in this city to-day. The opening session was devoted to reading of reports of officers.

Estee at San Rafael.

SAN RAFAEL, October 2.—M. M. Estee spoke to-night at the Grand Opera House to a large audience. Lee Fairchild, A. D. Spilvalo and ex-Governor Romualdo Pacheco also spoke.

Sticks through the Boothbay (Me.) Register, of the beneficial results he has received from regular use of Ayer's Pills. He says: "I was feeling sick and tired and my stomach coming all out of order. I tried a number of remedies, but none seemed to give me relief until I was induced to try the old reliable Ayer's Pills. I have taken only one box, but I feel like a new man. I think they are the most pleasant and easy to take of anything I ever used, being so finely sugar-coated that even a child will take them. I urge upon all who are in need of a laxative to try Ayer's Pills. They will do good." For all diseases of the Stomach, Liver, and Bowels, take

WHITE PINE SILVER MEN.

The Ticket Nominations and Resolutions Adopted

Ely, Nev., September 26, 1894.

EDITOR JOURNAL:—Yesterday the People's party county convention of White Pine county convened at Ely, and never in the history of the county was there a more harmonious and enthusiastic gathering. Wm. Burke of Shellbourne was chosen chairman, and A. S. Reilly, of Hamilton, secretary. On taking the chair M. Burke delivered an eloquent address of half an hour, and to say that he handled the two dominant parties without gloves would be but putting it lightly. His advocacy of the silver question was masterly, and his denunciation of the two old parties scathing, though logical and truthful.

Although our party is organized in this city under the head of the People's party, yet we favor and endorse the Silver party of the State of Nevada and will support its nominees from top to bottom. Have no concern about White Pine at the ensuing election, for we will be "in it" to win by a healthy majority. Our county ticket is an unusually strong one, and what makes it stronger is the fact that most of the nominations were by acclamation. The following is the ticket: Assembly, D. C. McDonald; sheriff, Benj. Payne; treasurer and ex-officio assessor, J. B. Williamson; county clerk and ex-officio recorder and auditor, M. B. Grogan; district attorney and ex-officio superintendent of public instruction, A. T. Stearns; county commissioner, long term, Alex. Muir; county commission, short term, Calvin Warlick.

The following resolutions were adopted unanimously:

The representatives of the people of White Pine county, Nevada, in convention assembled at Ely, September 25, 1894, assert:

We favor the coinage of silver at the ratio of 16 to 1, by the American Congress regardless of what any other nation may do.

The silver question being the paramount issue of our time, should be argued at all times in advance of all other questions of State or National importance. All friends of the white metal should remember that "united we stand, divided we fall." We question the judgment of our much respected fellow citizens who hope to accomplish the rehabilitation of silver by following political parties led by John Sherman and Grover Cleveland.

The wage earner, the farmer, the miner, the wool-grower and all other producers are entitled to live as become American freemen without being placed upon a level with the poorest paid labor on earth; therefore we ask and demand protection to Nevada interests from the next Congress and concede as much to the rights of each and every other State without discrimination, for or against any section of our common country.

When the managers of great corporations proclaim themselves above and superior to city, county, State or national authority; when a President of the United States and the federal courts, less a few very honorable exceptions, hasten to do the bidding of the aforementioned corporations by ordering the United States army to suppress and disperse gatherings of working men for no other or greater crime than that of organizing for mutual counsel and protection, or quitting work when the exactions of the purse-proud subjects of Pluto become unbearable, then we think it time for State and national law makers to commence to legislate in the interest of the common people, having legislated too long in the interests of the so-called higher classes.

We favor the strict enforcement of the Government claims against subsidized railroads; also the building of competing lines of roads across our State from east to west.

We commend and endorse the brave and able advocacy of silver and other Nevada interests in the national Congress by our Senators John F. Jones and Wm. M. Stewart and Congressman Francis G. Newlands.

We favor the adoption of those constitutional amendments consolidating State offices, thus saving about \$60,000 every four years, hereafter to the people of the State.

We demand the strictest economy in the management of the financial affairs of our county and State.

We pledge our nominee for the Assembly and our Senator to vote against and use all honorable means to defeat all proposed legislation in favor of lotteries, and to vote for and support such bills as reasonably tend to improve our public schools.

The object of the society is to find homes in families for homeless children. Rev. Mr. Brayton will remain in Reno a few days in the interest of the Society.

THE RACES.

Good Horses, Good Weather and a Favorable Outlook for a Successful Meeting.

There was a good attendance at the track yesterday, considering the hard times and drawbacks. The track is in good condition and the string of races show up in good condition and numbers. All of the horses, except three or four, belong to this district and demonstrates that a good many men on this side of the mountains are interested in the raising of good horse flesh.

The first race called was a one-half mile and repeat. The horses entered were Nelson, Gold Cloud, Katie B., Ranwick and Kit Carson. There was some delay in getting a good start, and when they did finally get off they were strung out a long distance. The heat was not a closely contested one and did not create much enthusiasm, owing to the fact that Nelson, the favorite, was on the tail end. Gold Cloud came under the wire far in the lead and was given the heat. A better start was made in the second heat and it was a pretty race, Nelson closing up and passing each horse, except Gold Cloud, and it seemed to the crowd that he ought to have won, but Gold Cloud came under the wire, winner by a length. Time for both heats 0:51.050.

The next race was a 3/4-mile dash, with Gertrude B. Alcatraz, Paddy, Vanity and Archy A. as the entries. It was a neat race and was won by Vanity in 1:32 1/2. Some dispute arose regarding one of the horses being entered under another name than its own, but the matter was adjusted satisfactorily.

Pacing and trotting race No. 3 was for pacing and trotting horses of the 2:25 class. Lottie G. Alpha and Esmeralda were entered. The first heat was started badly owing to Lottie being in a run when passing the Judges' stand. The race was tapped off, but in pulling the mare down she lost ground. She got down to steady work and crawled up until she passed the leader and won the heat in fine shape. She took the race in three heats; time 2:27 1/2, 2:29, 2:31. Considerable money changed hands during the afternoon and altogether it was said to be a good average first day. By to-day matters will be more systematized, and a good day's sport is in prospect.

TO-DAY'S PROGRAMME.

Trotting and pacing, special. Tam O'Shanter, John S., Willie C., and Out-bow are entered.

Second race—Five-eighths-mile dash, Nelson, Mussette, Drummer and Banjo will compete.

Third race—Mile handicap with Albatross, Alcatraz, Archie A. and Vanity in the ring.

Fourth race—One-fourth mile dash with You Bet, Little Tommy and Reno. It is also expected to have a special trot, six horses having been entered providing darkness does not shut it off.

Wagon tickets for the track can be had at the Palace or Arcade Hotels, also at Davis' cigar store.

A Nevada Insect.

S. J. Hodgkinson had a tarantula at his store yesterday that had been captured in the lower part of the valley. It was an ugly looking varmint and made one feel, as he gazed upon it, glad that it was in a jar and the latter securely corked. The specimen will cover a space of nearly three inches in diameter and stands over an inch in height. It is not a handsome bird by any means, but Sam kind of likes such varmints just because other folks don't.

SILVER PARTY PLATFORM.

Adopted in State Convention at Carson,
 September 5, 1894

The Silver party of Nevada, in Con-
 vention assembled, at Carson City, on
 the 4th day of September, 1894, declare
 that platforms should assert cardinal
 principles of political faith concerning
 questions of political interest of pre-
 sent moment without equivocation or
 evasion. We hold that history has
 demonstrated that these principles are
 right and equitable, and their observ-
 ance necessary to secure the welfare
 and individual happiness for which
 this Government was established.

SILVER.

We deny the right or authority of the
 Government of the United States to
 pass any law restricting or abridging
 the privilege of any citizen to the free
 coinage of silver into standard money
 at the legal ratio of 16 to 1, independent
 of any other nation, and we demand
 the repeal of all laws denying or abridg-
 ing that right.

We demand that any law denying or
 abridging the right of free coinage of
 gold and silver into standard money at
 the legal ratio of 16 to 1, independent
 of any other nation, is a denial of the
 sovereignty of the people of the United
 States as of nation and independent
 State, and a law in restraint and com-
 mence.

We assert that from 1861 to 1894, in-
 cluding a period of 34 years last past,
 the Democratic party and the Republi-
 can party have made and adminis-
 tered the law of this nation; that that
 period has been characterized as one of
 unmitigated plunder and robbery and
 that the gold standard of money has
 been one of general health, and not-
 withstanding the civil war, a period of
 unparalleled prosperity from 1861 down
 to 1873. In 1873 the Republican party
 passed laws in the restraint of the coin-
 age of money, denying privilege to sil-
 ver, the money we need in the pocket
 of every citizen and till of every store.
 The decadence of silver has been
 steady, gradual and unrelenting as the
 grip of the gold standard of money has
 closed around our industries and labor
 and the price of every production of
 labor, by forest, field, mine and manu-
 facture, have fallen parallel with the
 decadence of silver, which is to-day
 worth less than 50 percent of its stand-
 ard coinage value at the legal ratio of
 16 to 1.

Three millions of our people are
 without the comforts and necessities of
 life, every industry in our nation is re-
 strained, pinched and dwarfed by the
 demonization of silver to the great
 injury of every laborer, producer and
 tradesman in the nation.

The volume of money in circulation
 should be speedily increased and al-
 ways be fully adequate for the require-
 ments of business. That all money
 should be a legal tender for all debts
 both public and private. That no
 money should exist except such as is
 issued directly by the National Govern-
 ment, and nothing should be money
 except gold, silver and Government
 paper.

We favor the redemption of Govern-
 ment bonds and a prohibition of any
 further issue thereof in time of peace.

We demand the abolition of National
 banks.

RAILROADS AND TELEGRAPHS.

We demand the collection of the in-
 debtedness of the Pacific railway com-
 panies to the United States as it mat-
 ures without any extension of time
 or change of terms. That no
 public office or public trust. No
 person or party should be trusted who
 has once violated that trust. Every

citizen should contribute to the sup-
 port of the Government in proportion
 to his wealth and according to the
 necessity of good government, but
 no Government should augment this
 burden or enlarge its necessities by un-
 necessary, needless interest bearing
 debt making useless expenditures, or
 by failing to promptly collect what is
 justly due it, whether it be a loan, a
 tax or a tariff. No grant should be
 made of public property for any other
 than a public purpose, and it is the
 duty of the Government to secure
 to the public the enjoyment of the
 benefit which was the consideration
 of the grant or declare it forfeited.

We demand the Government own-
 ship of telegraph lines and Govern-
 ment subsidized railroads.

We demand the enforcement of the
 Interstate Commerce Act everywhere.

LABOR.

We demand that no law shall ever be
 enacted restraining or abridging the
 development of our natural resources
 and we guarantee to the people free-
 dom of pursuit and the inalienable
 right to enjoy the full value of all the
 property that their labor produces. We
 hold it as one of the truths of human
 existence and morally progress and
 enterprise, that capital and labor
 should go hand in hand in the general
 advancement, happiness and good of
 this great commonwealth. Therefore
 we claim the capitalist and laborer
 stand on an equal footing before the
 law, and that the laborer should always
 receive a fair compensation for a fair
 day's work. That both capital and labor
 be on the legal and unquestionable
 right to organize for mutual protection
 and self-preservation.

We believe that a National and a State
 Board of Labor Commissioners should
 be created by law and made elective by
 the people to whom all questions in
 dispute between capital and labor
 should be referred and that both parties
 concerned be compelled to arbitrate
 and that the decision of such Board of
 Labor Commissioners be final and
 binding alike on the employer and em-
 ployes.

OBEDIENCE TO THE LAWS REQUIRED BY ALL.

We denounce the criminal suspen-
 sion of the laws of Congress by the
 President, such as the purchasing
 clause of the Sherman Silver Bullion
 Purchasing Act, the Geary Act provid-
 ing for the deportation of unregistered
 Chinese, when its constitutionality has
 been affirmed by the Supreme Court,
 and his neglect and refusal to enforce
 the Anti-Trust and Interstate Com-
 merce Acts against wealthy offenders.

SELECTIVE FRANCHISE.

We denounce the purchase and sale
 of the Elective Franchise as destructive
 of our liberties and treason to our Gov-
 ernment. We demand the disfranchis-
 ment of both parties to the crime, and
 the punishment of the purchaser by
 fine and imprisonment. The franchise
 once sold shall be gone forever.

LOTTERIES.

The establishment of a lottery in
 this State would be a blot upon the
 people and would result in financial
 and moral degradation. Therefore, in
 the language of our Constitution, "No
 lottery shall be authorized by this
 State, nor shall the sale of lottery
 tickets be allowed." We condemn on
 equal terms all Legislatures of this
 State which have attempted to legislate
 or authorize lotteries or the sale of
 lottery tickets.
